## CHINLE O.R. SHUTS DOWN!

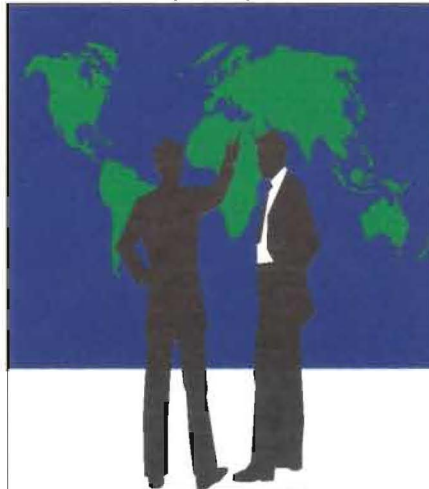

### O.R. Closed! Town Stunned!

Administrators were stunned today as the entire O.R. crew, including general surgeons, walked out. Mr. Tso was quoted as saying "I had no idea that placing Mrs. Matern as O.R. supervisor would be upsetting to anyone." Mr. Gorman was noted to say "Guess that means we don't have to worry about any more dogs or watermelon seeds. Mrs. Matern refused to comment.

A bake sale will be held this Friday for the ER malpractice defense fund. As a large amount is required, all donations will be greatly appreciated. The sale will be coordinated by Dr. Dick. It is suggested that fry bread would be an especially appropriate donation because of its ability to increase ER usage.

Bashas was mobbed yesterday when someone perpetrated a cruel hoax of advertising hair spray at 1 cent per can with a Basha's Bargain Booster. The Navaho police had to be called in to prevent rioting from angry and disappointed customers. One customer was quoted as saying "And French bread was on sale last week too!"

### Tourist is Strangled by Local Girl

A Japanese tourist was strangled yesterday after asking why locals aren't wearing native garb. Juanita said "I'm sorry, it was just one time too many! He shouldn't have said that. It was RUDE." She is expected to be acquitted by the local courts on a plea of justified homicide.

A new support group for computer addicts will begin meeting this Wednesday at Ms. Finlay's home.

## CHINLE FAIR TIME!

### CHINLE FAIR IN TOWN

Local citizens were excited to see the annual Chinle Fair swing into gear this weekend. Special guests included Mr. Cliff Dick, rabbit judge of international acclaim. When asked about the 9 rabbits he judged today, Mr. Dick said "They had very expressive eyes." This year the rain held off allowing for a pleasantly dusty atmosphere. The complaints of no mud bogging in the parking lot were generally discounted.

*Book Review:* **Debt of Honor** by Tom Clancy finally arrived in Chinle this week thanks to Dr. Adams buying a copy on the east coast. It was greatly enjoyed by all who borrowed the book to read it. The plot of a successful (and fully justified) war against Japan was a popular subject with all readers. We give it a rating of five sheep. *Get your copy today!*

Dr. Bagley announced today the development of the Chinle mind-meld. Unlike Mr. Spock's method, this involves placing a bovie pad on a thigh and putting the wire connector into the ear. The FDA had no comment.
